抱朴守拙 涉世之道

涉世浅，点染亦浅；历事深，机械亦深。故君子与其练达，不若朴鲁；与其曲谨，不若疏狂。

A man with only slight experience of the world will likewise be only slightly stained with its impurities. A man well versed in the ways of the world will likewise be replete with its tricks and treacheries. Therefore, it is better for the upright man to preserve the plainness of his inborn nature than to take pains to acquire worldly wisdom. It is also better for him to remain uninhibited and straightforward than to be equivocal and compromising.
